Child only	$412.19	$535.17	$693.06	$837.04

Standard plans are required by New York state. The benefits and out-of-pocket costs for the Standard plans will be the same for all health insurance companies. Provider networks will differ by insurance company.

Part of the Affordable Care Act is intended to improve dental coverage for children, including preventive, routine and some major dental coverage. Individuals purchasing medical coverage outside of the NY State of Health Marketplace, are required to purchase a medical plan with pediatric dental included, or a qualified stand-alone plan.
By purchasing a medical plan with dental included, you can be sure your children will receive comprehensive coverage overseen by our staff of medical management experts, and both medical and pediatric dental services will count towards your out-of-pocket maximums.
Any one person insured on a family plan will not pay more than $12,000 in compliance with the Affordable Care Act.
1 An HSA or Health Savings Account is a tax-free funding account owned by you that helps you pay for qualified medical expenses such as lab fees, prescription drugs, contact lenses, chiropractor visits and more. Certain subsidized health plans may not be eligible for health savings accounts.
2 Coinsurance N/A: Some benefits, such as pediatric vision and durable medical equipment may have different coinsurance amounts.
3 Preventive Care covered at 100% before deductible: Eligible in-network preventive services, including recommended screenings, immunizations, annual wellness visits and preventive counseling, are covered at no cost when provided in accordance with ACA preventive care guidelines.
4 Visits ahead of deductible: Combination of Primary Care Provider, Specialist, allergy testing and treatment, chiropractic services, second opinions, Applied Behavior Analysis treatment or outpatient mental health or substance use disorder.
5 Note to diabetic drug and supply users: In accordance with the contract language / benefit mandates provided by New York state, if your plan includes a deductible, diabetic drugs and supplies – excluding insulin – are subject to the deductible amount.

nystateofhealth™ The Official Health Plan Marketplace

Excellus BlueCross BlueShield

Healthier tomorrows start today.

Everybody deserves to live a healthy life

We have got you covered with free or low cost New York state sponsored insurance plans such as Medicaid, Child Health Plus, and the Essential Plan, as well as individual and family plans from the name you have known and trusted for over 90 years.

Most individual and family plans vary in price and have eligibility guidelines based on your household income and where you live, determined by New York state. Call us to get personalized help for your unique health care situation.

Medicaid

With Medicaid, you and your family will have access to a wide network of quality doctors and specialists, hospitals and urgent care centers.

Child Health Plus

Just need coverage for your kids? Child Health Plus is a New York state sponsored health insurance program for kids under 19 years old. Almost all children qualify, and many families qualify for free coverage.

The Essential Plan

Premiums are $0 a month for eligible individuals, with coverage widely accepted by doctors, hospitals and pharmacies. Individuals under age 65 may be eligible based on New York state household size and income guidelines.

Individual and family Qualified Health Plans

Get the benefits you and your family need with our Bronze, Silver, Gold and Platinum plans with coverage accepted by a large network of hospitals and doctors. Many New Yorkers qualify for reduced monthly premiums.

Dental plans

When it comes to maintaining overall health and wellbeing, taking care of your teeth is just as important as taking care of the rest of your body. You can now save on dental care with individual and family dental plans.
